Young adults Pastor

Mountain Creek Baptist

Rutherfordton NC

-I was saved and Baptized by the grace of Jesus Christ when I was 7 years old. Throughout my childhood and teenage years I followed Christ but would stumble. I never truly gave 100 percent of myself to Christ though until after I was a young adult. Since then God has blessed me tremendously. I currently feel the Lord calling me into Evangelism and full time ministry. My short term goals is to be able to preach wherever the Lord leads and my long term goals if it be the Lords will, would to be able to preach at revivals and crusades.

-I am currently attending Fruitland Baptist Bible College and have plans to transfer in the fall to pursue a Bachelor's degree.

-I have been in the ministry now for 4 years going on 5 years.

-I started in ministry as a youth leader/ Pastor and was in that role for over a year. At the time the church we were attending didn't have a youth program and were seeking a part time youth leader, so me along with my wife started the youth ministry back and started from the ground up. The Lord was with us and it was a great blessing. After over a year in the youth ministry I felt called by the Lord that I wanted to be in the ministry full time and knew in order to do that I would

need to go to school. When I do something I like to do it 100% and I knew with being a part time youth leader, having a full time secular job and also trying to go to school I wouldn't be able to do them all. So I decided to go to school and I stepped down as the youth Pastor, in doing so though, I didn't want to leave the church in a bind so I stayed on and helped mentor the next leader that came into the youth.

-Shortly after I took on an unpaid role at the church as the young adults/ couples Pastor and have been doing that ever since.

-I have also served as a deacon and been on multiple committees and teams.

-I normally fill in for our head Pastor when he is out to preach on Sunday mornings and Sunday nights. I have preached at a separate church other than ours as well and had the great opportunity of preaching at a revival.
